

Chemical Peels

Our signature chemical peels help to reverse the visible effects of damage in two ways. First, they power away dull, dead cells to illuminate the skin and reduce the appearance of fine lines, wrinkles, age spots, clogged pores and blemishes. Then, they support collagen for firmer-looking skin over time. Ask your beauty therapist which IMAGE chemical peel will best target your skin's individual needs.

I PEEL | PERFECTION LIFT™

Skin types: Deep lines and wrinkles, pigmentation, acne, acne scarring and unbalanced

Our exclusive blend of exfoliating agents are combined with powerful antioxidants, correcting peptides and plant-derived stem cell extracts to create “perfection” when treating advanced pigmentation, acne and ageing conditions. This is the ultimate serious treatment for an amazing result, leaving the skin incredibly smooth, brighter and fresh looking.

IMAGE Chemical Peels

I PEEL | PERFECTION LIFT® FORTE

Skin types: Advanced ageing, pigmentation, acne

This concentrated blend of lactic acid, salicylic acid and resorcinol works synergistically to quickly and effectively reduce the appearance of advanced ageing, pigmentation and acne. This extra strength treatment reveals a younger you in a single treatment.

IMAGE Chemical Peels

Peel back years of damage with IMAGE Chemical Peels.

This mega-lightening, results-driven treatment combines the most innovative and effective botanical brighteners - luminescence and seashine® - with Echinacea, plant-derived stem cell extracts and anti-aging peptides to immediately leave skin looking younger and more luminous. The gentle blend of lactic acid and a cocktail of lightening and brightening agents work to reduce sun spots, brown spots and redness, while also resurfacing and exfoliating. A series of six treatments every 10 – 14 days is recommended for optimum results.

I PEEL | LIGHTENING LIFT®

Skin types: Normal, dry/dehydrated, dull/tired, pregnant, menopausal, unbalanced and smoker's complexion

Get ready
for clear
skin!

I PEEL | ACNE LIFT®

Skin types: Acne, oily, acne-prone, ageing

If you suffer from frequent breakouts, rough dry skin and blackheads this treatment will get you on the road to healthy, clear skin! A potent blend of Beta Hydroxy Acids (BHA'S) & Alpha Hydroxy Acids (AHA'S), combined with lilac plant-derived stem cell extracts, helps to reduce blemishes, unclog pores and diminish post-breakout dark spots. Detoxifying ylang ylang and eucalyptus purify oily skin and effectively treat and heal acne lesions, to leave skin feeling refreshed and bright. A series of six treatments 10 – 14 days apart is recommended for optimum results.

I PEEL | LIGHTENING LIFT® FORTE

Skin types: Advanced pigmentation, aging, dry/dehydrated, uneven skin tone, age spots, redness-prone

This results-driven treatment combines the most innovative and effective botanical brighteners with echinacea, plant-derived stem cells and anti-aging peptides for youthful, illuminated skin.
